FS2004 Sikorsky

Description: Sikorsky CH-53E Sea Stallion of the U.S. Marine Corps, in current grey scheme; utilizing the late Rory Kelly's outstanding CH/MH-53 Stallion model. A very fine effort from a master modeler, and a sad loss to the hobby, may we not forget. Enjoy! Mike Pearson Peoria, Arizona USA

FS2004 Westland Seaking MK48

Description: The Sea King helicopters of the 40th Squadron are the guardian angels, which defy weather and sea, to provide help to military personnel in need (and civilians on land and sea emergencies). The helicopters are recently updated with the newest search and rescue radar connected to a satellite navigation system and an infrared heat camera to aid the crew in bad weather conditions and night operations. This way they can operate in the best conditions required to fulfil their assignments. Aircraft, textures and panel : Willy Vervaecke
