### FS2004 Replacement "moon light water" textures

Description: Replacement "moon light water" textures for FS2004. The default FS9 night water texture is the same for all moon positions and it is clear that MS did not complete their intention to finish this section as they include ???high moon ?, ???low moon ?, and ???new moon ? textures for the FS9 code to work with but all the textures are exactly the same.

### FS2004 The Fuel Indicator 2.0

Description: This file contains three gauges: The "Fuel Indicator 2.0", the "Transition Altitude - Transition Layer Switching Gauge" (both were previously released) and a "File Information Display", which includes the features of the other two gauges. If you have enough space in your cockpit, you can install the FID, otherwise you can choose the smaller ones with less information.

### Real aircraft Checklists

Description: Real aircraft Checklists This is a small 55K zip file which contains my real world pilot checklists for ten aircraft. These are:

Grumman AA5

Cessna 172

Cessna 177RG

Cessna 182

DH85 Leopard Moth

PA24 Comanche

PA27 Aztec

PA28R Arrow 2

PA32 Cherokee Six 300

PA38 Tomahawk

The checklists will print out in a neat A5 format (A4 folded in half) so they don't take up much room on your desktop (or aircraft!). They are Word 97 files. WOODAIR.NET
