Splashscreen Creator

Description: As the loading time of FS is increasing with every addon installed, I am looking long times at the splash screen... so I didn't want to see the default one any more. There are some tools out there to randomly change them, but they all (as far as I know) don't do one thing I wanted them to do: to create the splash screen by itself, so that I only would have to tell him where to look for pictures which shall be taken as background in the splash screen. So I produced this little program myself, and it turned out just as I wanted it to! FS2002/2004 ATA Airlines AI Traffic v1.0

Description: FS2004 ATA Airlines AI Traffic v1.3 is based on the real ATA Airlines. These flight plans are close to the original flight plans from ATA Airlines. They include the 2004 Summer and 2003-2004 winter flight plans. I was not able to get the 2005 Summer flight plans. I hope you enjoy my work that I have placed into this package.
