FS2004 Cessna 340A

Description: Original aircraft by Brian and Tim Novick, Copyright 11/04. Updated by Roger Mole 03/05 Updated FDE to make it closer to how I think it should fly. A 'heavier' feel and more stable in pitch and roll.Textures de-mipped and cleaned up a bit to make em a bit sharper. Contact points adjusted and lights sorted - strobe removed from tail and strobes added to wing tips. Fuel flow reduced to make the gauge reading more 'real'.Panel reworked to make it closer to real life and really nice for IFR flying.VC reworked to match the panel.Complete 'turbo' piston sound pack.Roger Mole

FS2004 Fleet repaint for Penair Metro III, Cessna 208B, Piper PA31 and Saab S340

Description: This is a fleet repaint for Penair Metro III, Cessna 208B, Piper PA31 and Saab S340. I've taken a little liberty with the PA31 to make it more uniform with the fleet. You will need the following files:paintkit_cessna_c208b.zippaintkit_pa-31.zipdjc_met.zipYou can get the S340 model at <http://www.projectai.com/> The Piper Navajo and Navajo Chieftain were popular entry level aircraft for many upstart commuter airlines during the 1970's. FSDSv2 model by Dee Waldron. Enjoy.Todd Disrud
